CHAUTAUQUA AND TRADES DAY WILL BRING SCORES HERE

BEAUMONT VS. CAMERON LAWLESS GREEN PARK FRIDAY 4:30

PREMIER CIRCUIT OPENS FRIDAY IN CAMERON FOR WEEK

FIRST MONDAY CROWDS EXPECTED TO BE YARGE IF WEATHER IS FAIR.

With every indication of fair weather Monday June 4 which is First Monday Trades Day, will be a red letter day in Cameron both because of the number of people who will be here as well as the big double attractions in the Redpath-Horner Chautauqua and the base ball game and trading.

At noon Thursday all arrangements had been made for the game between Beaumont and Cameron Friday afternoon. This is the opening date for the Chautauqua also. The Chautauqua opening Friday will be in Cameron for one week or until June 7.

On June 4 the program for the Chautauqua will be well under way and the base ball season will have begun in earnest.

Merchants here have united to make the day one of interest to the people of the trade territory who wish to take advantage of the bargain offers.

Farmers are up with their farm work and can now afford to leave the farm for the day to spend a few hours in the crowds at Cameron.

The municipal band will give two big concerts and will in all probability play at the ball park for the fans.

In every way the trades day will be better on Monday June 4.

THIRTY-EIGHT ARE GRADUATED FROM CAMERON SCHOOL

HON. TOM CONNELY DELIVERS GRADUATING ADDRESS TUESDAY NIGHT.

Commencement exercises of Yoe High School, closed last Tuesday evending May 29, with the presentation of diplomas to a class of eighteen young ladies and twenty boys.

The first honor was won by Leonard Sparks Mewhinney, son of Mr. and Mrs. Sam Mewhinney of Buckholts, who read the Valedictory. The second honor went to Miss Kathryn Pauline Green, daughter of Mr. and Mrs. A. N. Green, who won this place by a grade of four tenths of one point above the grade of Miss Alice Lawrence daughter of Mr. and Mrs. C. W. Lawrence.

There was a difference of one and a fraction points between the first and second honor grades.

Miss Olive Henderson, a member of the class, who is a violinist of recognized ability, opened the program of the evening with Dibla's Serenade.

Hon. Tom Connely, congressman from the Marlin District delivered the address to the class. Those who were privileged to hear this address felt that an able man had been selected for this important occasion.

The Bacculaureate sermon, Sunday morning, May 27, was delivered by Dr. J. M. Dawson, pastor of the First Baptist church of Waco.

The auditorium of the handsome new Methodist church was filled with friends of the graduates who listened to an eloquent exposition of Romans, 12:7. This was considered the best sermon that had been delivered on similar occasions, in many years.

The interest of the student body was largely centered in the Senior play, "Nothing but the Truth," presented by members of the class Friday evening. There friends also enjoyed this with them and realized that these young people possess a good deal of dramatic talent and in popular parlance, can thrill an audience who are accustomed, perhaps to seeing and hearing artists of wider experience.

PRESBYTERIANS TO BEGIN REVIVAL MEETING JUNE 12

NOTED MINISTER WILL CONDUCT MEETING AT CHURCH HERE.

The series of evangelistic services at the Presbyterian church, announcement of which was made last week, will begin on Tuesday evening the 12th of June.

The meeting will be led by Rev. Robt. Hill, D. D., one of the ablest pastors and preachers of the church in Texas. Dr. Hill has been highly honored by the Synod and the church at large and the local church is very much pleased to be able to announce a meeting to be led by him.

The services will be held in the open air on the church grounds, where comfortable seats will be placed so that all can enjoy the services.

Invitatins have been sent out to neighboring Presbyterian congregations and it is expected that there will be a number of visiting Presbyterians in the services.

YOE HIGH ATHLETES GET HONORS FROM CHICAGO MEETING

JACK TAYLOR AND ALTON BAGGETT COMPETE AT NATIONAL GATHERING.

Yoe High School was represented by its stars, Jack Taylor and Alton Baggett at the National Interscholastic Track and Field meet held in Chicago last Friday and Saturday.

Jack Taylor placed second in the Discus throw in the finals and is in line for the Olympic in Paris in 1924. Alton Baggett succeeded in fighting his way through the preliminaries and semi-finals but failed to place in the finals.

Baggett participated in the 100 and 220 yard dashes while Taylor was in the discus events. In the discus final Jack threw 139 feet and 2 inches.

In the dashes the winner in the 100 yard run equaled the world record and in the 220 yard dash broke the record.

All the Texas men came thru with colors flying. Thomas of Electra placed fifth in the 220 yard dash and also third in the 440 yard dash Cockrell of Alvin, Johnson of Fort Worth, Coates of Waco, Stanford of Electra, come in for their share of the points.

In the Academy division Allen Academy of Bryan, Texas came thru with 35 1-2 points and third place.

Such results as these are all the more wonderful when we stop to consider that this is the second year that Texas high school athletes have been invited to the National Interscholastic meet.

TEN MEN KNIGHTED BY K. P. LODGE HERE

SMOKER FOLLOWS INITIATION CEREMONIES HELD MONDAY NIGHT.

Ten Knights were given the spur at the Monday night meeting of the Knights of Pythias lodge in Cameron.

After the initiation ceremonies a smoker was held in the lodge room Fred Henry, keeper of record and seal for the lodge served the members and new Knights with Henrichsen's brick ice cream.

The lodge is making the most rapid gains in its history and will have one of the largest memberships in Central Texas within a short time.

At the meeting on next Monday a large number of candidates will be initiated.

MILAM COUNTY'S DEAD HONORED BY AM. LEGION

The memorial services, conducted under the auspices of the Edwin Hardy Post, American Legion, on Decoration Day, Wednesday May 30, between 10 and 11 o'clock, a. m. on the court house lawn in Cameron were both beautiful and impressive.

Hon. E. A. Wallace was the master of ceremonies and performed the duties in amanner creditable and dignified.

The services of the Cameron Municipal Band in rendering "America" and the "Star Spangled Banner" were thoroughly appreciated by the large audience present and added greatly to the success of the program.

In the absence of Rev. R. C. White the Rev. H. R. CacFadyen, of the Presbyterian church pronounced a fervent invocation.

Judge W. G. Gillis was introduced and delivered a magnificent address in which he paid tribute to the boys of America and especially of Milam county who made the supreme sacrifice that America might continue free. He vividly portrayed the great pageant of America's great soldiery marching silently and majectically through our history from the time we gained our independence from England through the great world war of the present generation, and graphically pictured to his audience that wonderful tribute paid by the United States, through its representatives at Washington, to the "Unknown" soldier and martyr of the great war.

Mrs. Jeff T. Kemp was then introduced by Judge Wallace and in her own pleasing and impressive manner, read an original poem, beautiful in sentiment and classic in form on "The Milam County Boys Who Died in the World War."

The audience present demonstrated its appreciation of this splendid poem by its liberal applause and expressions of pleasure, and it would be our great pleasure to reproduce it for our readers if we could persuade its modest author to permit its publication.

Mrs. Kemp also read the names of the sixty-eight Milam county boys who had died in the service, together with an outline of such history connected with them, as she was able to obtain with diligent effort.

Hon. T. S. Henderson, one of Cameron's most honored and brilliant citizens, was next introduced, and made one of his characteristic addresses fitting the occasion, in which he spoke feelingly and eloquently of the bravery, loyalty and patriotism of the wonderful boys who had offered and given their lives for the country and the homes they loved, and also

SYPERT CASE DISMISSED

BOB ELLIOTT, STATE WITNESS, CANNOT BE FOUND COURT SAYS

NEGRO FREED BY JURY ON CHARGE OF MANUFACTURING LIQUOR.

The case against Joe Sypert, charged by indictment with the sale of intoxicating liquor, twice tried in the District Court was dismissed by Judge John Watson Monday morning after District Attorney Jack Lewis had asked its dismissal on the grounds that Bob Elliott state witness cannot be found.

The case went up from the corporation court with a deposition from Elliott that he had purchased liquor from Sypert. Elliott has since left the state and cannot be extradited as a witness. The court is without power to prosecute.

Sypert was indicted by the May Term 1922 Grand Jury and was tried on June 29th, the trial resulting in a hung jury. The case was set for Sept. 28, 1922, and was again tried, the second trial, resulting in a hung jury. This case was again set for Feb. 19, 1923, and was continued on application of the State, on account of the non appearance of one Bob Elliott, the prosecuting witness who was then living in the State of Okla. The case was again set for March 19, 1923, when the State again applied for application of continuance on account of Elliott failing to be on hand. The case was being set for the 28th day of May, 1923, on this day the State moved to dismiss the cause for the reason that it was unable to secure the attendance of said prosecuting witness, and could not ask for a third continuance for the same cause.

State of Texas vs. Lloyd Fulton, alias Lloyd Bryant, resulted in a conviction and the defendant given one year in the penitentiary, his sentence being suspended on recommendation of the jury. Fulton was 19 years of age, and was charged with passing a forged instrument on Dr. E. R. Zellner, of Cameron, Texas.

State of Texas vs. Henry Rhodes charged with manufacturing intoxicating liquor, the jury rendered the following verdict, to-wit:

"We the jury, find the defendant not guilty."

T. B. JETER, Foreman."

The defendant Henry Rhodes was arrested by Sheriff Drue Rogers, and Constable Chas. Sens and on the 24th day of March, 1923 made a written confession before A. J. Lewis, county attorney, wih D. S. Rogers and Chas. Sens, as witnesses, in which he admitted his guilt telling how, when and where he had been making this whisky, he having his barrels and still hidden in the ground near his house. He confessed he was making the whisky in order to sell it and that he had sold it at various times. Most of it being disposed of in Calvert. The defendant did not take the stand nor put on any testimony in his behalf except character witnesses. The State, after presenting its case to the jury, including the defendant's confession, rested, and the case went to the jury, which later returned its verdict, as shown above.

FOUR GET TERMS PEN

Monroe Burkhart and Lonnie Washington, colored, Robert Pickett and John Shafer, pled guilty in the district court here Thursday afternoon and were given sentences in the penitentiary for offenses in burglary.

Burkhart and the negro, Lonnie Washington, were implicated in the robbing and burning of the Fisher Dry Goods Company in Thorndale last February. Burkhart was given 5 years and Washington 2 years. Robert Pickett and John Shafer were implicated in the robbery of the Thorndale Dry Goods and Grocery Company. Pickett who broke jail was given 4 years and Shafer was given 2 years.

Henry Shafer pled guilty to concealing stolen goods and was fined $25 and given 30 days in jail.

Robert Pierson who was held for theft and who broke jail here was caught by Drue Rogers on information furnished to officers in Denton.

All men who broke jail here have been captured and all are being held.

COMMERCIAL CLUB MEET FOR FRIDAY POSTPONED.

On account of the Chautauqua the Commercial club will not meet Friday night. This will give the business men opportunity to hear the opening program of the Chautauqua.

Miss Rosine Ledbetter who has been teaching in the Cameron school for the past three years left Tuesday morning for her home in Yoakum.

DRESSED CHICKEN FOR SHRINERS TO WASHINGTON MEET

LOCAL PRODUCE HOUSE FURNISHES 200 POUNDS FOR SPECIAL TRAIN.

Cameron Shriners going to Washgton on the special train which was made up in Waco for the national convention in the nation's capitol will eat dressed chicken from Milam county.

The Peter Company, local produce dressing plant, placed aboard the train 200 pounds of dressed chicken for the Masons who are making the trip.

Manager Ferguson of the local produce house takes pride in the fact that the elect of Shrinedom will feast on the products of his plant while going to the seat of government for the convention.

A number of local Shriners were aborad the train, among them Mr. and Mrs. Leslie Green and Mr. and Mrs. Roy Griffith. Both are members of the Shrine band from Waco.

ATHLETIC GROUNDS FORMALLY DEEDED TO THREE TRUSTEES

LAWLESS GREEN FIELD NAME GIVEN GROUNDS PRESENTED BY A. N. GREEN.

The Lawless Green Field is the ame given by the people to the new grounds of the athletic course recently given by A. N. Green, banker, to the city for use of the schools and the base ball club.

Deed was filed this week in which the property was handed over in trust to be held for their natural lifetime as a permanent athletic field to three trustees as follows: Claude Triggs, John Henderson and Jack Adams.

These young men were close personal friends of the late Lawless Green, son of Mr. and Mrs. A. N. Green, for whom the field is named. In presenting this enduring memorial to his son, Mr. Green for the second time is revering his memory. The commercial department of the Yoe High school was established out of the estate of Lawless Green and now the city is to have for all time one of the finest athletic parks in the state.

The property is set aside for athletic purposes and cannot be used for any other purpose, sold or encumbered.

This week the park is being fenced and a new grandstand is being built. Showers and dugouts for the arthletes as well as a dressing room and later lockers will be placed in the park. So far contributions totaling more than $800 have been made but about $250 is needed for this improvement plan to be completed.

GEORGE CLEMENT IS WINNER IN STUDIES

CAMERON BOY MAKES GOOD RECORD IN ELECTRICAL ENGINEERING.

The Cameron friends of George Kilgore Clement will be both interested and pleased to learn that he has been awarded the prize for the scholastic year just closed offered the A. and M. Chapter of the American Institute of Electrical Engineers, a national organization, for the best work done by a member of the Chapter during the year.

Our information is that practically all leading Universities and Colleges of the country have a Chapter affiliated with the national organization, the membership of which is composed of both instructors and students in the Electrical Engineering Departments, and all members are entitled to compete for such prizes as are offered by the chapters, and the fact that Mr. Clement, who is a student in A. and M. College, has been awarded this prize, means that his work has been of extra superior an unusual amount of application and intelligent study. The prize won by Mr. Clement consists of a handsome set of Steinitz books.

As is well known, he is a grandson of Mrs. Idella Green, and the son of Mrs. Pearl Green Clement, both highly respected residents of this city.

FIRST GAME WILL ATTRACT HUNDREDS TO PARK FOR DAY

COMETS WORKING OUT FOR INITIAL GAME OF SEASON FOR CAMERON.

Beaumont vs. Cameron at 4:30 p. m. Friday June 1 at Lawless Green Field, Cameron, Texas. Play Ball.

This is the announcement that has been made through advertising matter sent over the county during the past week concerning the opening game of the 1923 base ball season in Cameron.

It has been nearly two decades since a Texas League Club played on a Cameron diamond. Friday afternoon the fans of the county will have the opportunity to see Beaumont Oilers cross with the Cameron Comets In addition to the privilege of seeing the Texas leaguers play, fans will get their first glimpse of the Comet neucles for 1923 about which there has been so much speculation.

It is not to be inferred that the Comet aggregation is yet complete for a number of college men are to report to the club on or about June 10.

Manager Rogers was combing the country early this week to get the 1923 flashes in the pan so that when the ump calls the "battrees" Friday afternoon a good showing will be made.

Ball players are coming high this year due to the unprecedented demand for them. However with the weeding out in the upper births by June 10 the supply in Class Cameron baseball will not be as difficult. Rogers can hire ball players but they must be good ones to stick so this explains why it has been difficult to assemble a permanent club.

Saturday Cameron and Rosebud will play at the home fild and Sunday the Cameron team will go to Rosebud to play there. The Rosebud team will come back to Cameron Monday for the big trades day game. With these four games the season will have been started and a definite schedule arranged.

DRILLER INJURED WHEN DERRICK FALLS ON FOOT

AMPUTATION OF LEFT FOOT MAY BE NECESSARY AT HOSPITAL.

Driller Wilson for Coyle-Concord Oil Company in the Minerva field is in the Cameron Hospital following injuries sustained Wedneday when his left foot was smashed by a derrick he and others were moving.

It was thought that amputation would be necessary, the foot being badly crushed.

The derrick was moved on rollers and Wilson when one of the rollers was observed slipping from the load sought to retain it in place with his foot. The derrick slipped and caught his foot between timbers and was crushed. He was brought to the hospital by comrades in an automobile and given treatment.

HIGHWAY REPORT.

Thursday May 31, 11:00 a. m.

All highways are passable and are fair to good.

Rain in the western belt worked hardship n the tourists between Junction and Sonora on the way to El Paso and many cars are parked at Junction today waiting for the water to recede.

Cars are making San Antonio via Thorndale and Taylor, but the best route is via Rogers and Little River Station.

Waco can be made via Rosebud-Lott to Chilton, from Chilton you have choice of two routes, one via Mooreville and Levi, the ther via Satin and Norwood along the new highway.

Caldwell via Milano is passable, but rough in spots.

WARNING! The speed cops are on their job between Waco and West also between New Braunfels and San Antonio, so please step lightly on the gas.

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous For Cameron People to Neglect.

The great danger of kidney troubles is that they so often get a firm hold before the sufferer recognizes them. Health will be gradually undermined. Backaches, headaches, nervousness, lameness, soreness, lumbago, urniary trouble, dropsy, gravel and Bright's disease may follow as the kidneys get worse. Don't neglect your kidneys. Help the kidneys with Doan's Kidney Pills, which are so strongly recommended right here in Cameron.

T. F. Weaver, Box 443, Cameron, says: "I have used Doan's Kidney Pills off and on for some time and they have never falied to give me good results. At times I have had slight attacks of backache and the action of my kidneys annoyed me. Doan's Kidney Pills always gave me the desired results when I used them for these attacks. I keep Doan's on hand and recommend them as a kidney remedy of merit."

WILL SURVEY FOR FOR COMMERCIAL CLAY NEAR CAMERON

COMMERCIAL CLUB INDUSTRIAL SURVEY PROGRAM BRINGS HEARTY RESPONSE.

The San Antonio & Aransas Pass Railroad will send an expert to Cameron as soon as the Commercial Club committee can arrange a co-operative plan to make a survey for commercial clay. It is said that clay for commercial use is found in large quantities in Milam county.

The following letter has been received by T. S. Henderson, Jr., chairman of the industrial committee.

We have just made partial arrangements for a thoroughly competent man to spend the summer in examining clays along our lines in order to find out those that have commercial valuation.

The closing up of these arrangements depends on the co-operation we obtain from business men, commercial clubs, land owners, clay manufacturing plants and others.

What we want is samples. What we want next is the assurance that those who are interested will furnish the necessary help the expert will require in examining the clay beds.

The following suggestions are made about getting samples that we want immediately:

(1) Shovel away all surface and get samples of the pure clay, as the lower parts of the beds are usually the best, it is desirable to have 3 samples from each bed. One from the upper part, one from the middle and one from the lower part.

(2) We want samples of what is believed to be either fire clay, brick clay, fullers earth, kaolin and shale clay.

(3) Send about one peck of each sample and clearly mark it with the name and address of the sender and state whether it is from the upper, middle or lower part of the clay bed. Also state how far it is from the railroad.

(4) State as nearly as possible now large and how deep the clay bed is.

(5) Take samples to station agent S. A. & A. P. R'y and he will arrange to ship it to us.

(6) Do not send any samples that contain lime—they are worthless.

(7) Do not send samples from places very far from the railroad, as the expense of handling would be prohibitive.

In order to close up the arrangements, which are partially made, it is necessary that the action above suggested be taken so that the samples will be in our hands within the next 10 or 12 days.

Yours very truly,
H. M. MADISON,
Gen. F. & I. Agt.

COMMERCIAL CLUB VOTES TO APPROVE ROAD BOND ISSUE

FEDERAL AND STATE AID ON AD HALL ROAD GETS FAVORABLE COMMENT.

Directors meeting of the Cameron Commercial Club, Friday night, May 25.

An interesting and well attended meeting of the Cameron Commercial Club was held Friday night.

The following were present:

Officers—C. W. Lawrence, president; Oxsheer Smith, vice president; Moulton Cobb, secretary; B. F. Bonds, treasurer.

Directors—Robt. McLane, J. T. Parma, John Hangum, T. S. Henderson, Jr., W. O. Newton, S. A. Cottle and J. B. White.

Committee Chairmen—W. M. Cobb, F. R. Dunlap, Giles L. Avriett, C. R. Phillips, Paul Webb, W. G. Gillis, F. S. Lesovsky and F. E. Jackson.

Minutes of the last meeting were read and approved.

Mayor J. B. White said that a telegram had been received from Chicago, stating that Jack Taylor and Alton Baggett, the Yoe High athletes, had qualified in the finals of the National High School track meet in Chicago.

W. G. Gillis stated that he had been down in what is known as Beat 2. between Branchville and Jones Prairie, and saw many fertile farms and productive fields. He said that it occurred to him that the people of that section might be induced to come to Cameron to trade. At present, most of these citizens do their trading in Calvert. Mr. Gillis said it might be protitable for local merchants to cater to that trade territory.

W. O. Newton added that he, too, had been in that country recently and attested to the splendid farms in that vicinity. The matter was referred to the Retail Merchants' Association.

Giles L. Avriett, chairman of the good roads committee, said that he had recently been in Austin, in company with Judge Kemp and Engineer Mitchell, and appeared before the state highway commission. He said that he could state with authority that if the voters between Ad Hall and Minerva would assume a $75,000 bond issue, the state and federal governments would match this amount with the fabulous sum of $125,000 for the re-building of this road and the constructing of a new bridge over Little River. The state, too, will maintain this road, thus relieving the county of a large and unceasing expense. He said that it was a good proposition, in his opinion, but that he wanted to know what others thought of the matter.

President Lawrence announced that he would call for expressions on the subject from each one present.

W. G. Gillis said we could not afford to turn it down.

W. M. Cobb asserted that if Cameron is to receive the benefits from the Minerva oil field, the rebuilding of this road was imperative.

Oxsheer Smith said he was in favor of it. He stated that it would not be necessary to discard the McCown bridge.

Buck Bonds said that he had heard several of Cameron's older taxpayers discussing the matter and that they were for it.

F. R. Dunlap reported that some action should be taken towards improving the bottom road between here and Minerva.

Robt. McLane said we could not afford to pass it up.

W. O. Newton said he favored it.

The first dissenting opinion was voiced by Frank Lesovsky. He said that if the state and federal departments were going to maintain all designated highways, why not wait and let them repair this road without voting a bond issue? He also said that he did not know in what kind of condition the state would maintain their roads.

J. T. Parma said that he had discussed the matter freely, and that if we would also repair the Waco crossing road, the bond issue would carry.

Mayor White said he was a friend of good roads but that we could not afford to avail ourselves of every opportunity presented to us to vote bonds for roads to match federal appropriations.. He also declared that the tax question was one of the most important matters confronting the people.

Paul Webb favored it.

E. V. Ferguson said he was for it but that we should determine the sentiment of the rural voters.

President Lawrence announced the appointment of the following committee to devise a definite program for the club: T. S. Henderson, Jr., chairman; J. B. White, J. W. Joynes, H. M. Hefley and R. H. McIntosh.

DEALER MUST GROW WITH CAR REGISTRATION.

"One important phase of the present remarkable volume of business in new automobiles is the manner in which local dealers measure up to the increased requirements of car owner," says G. C. White of the White-House Motor Company.

"Hundreds of new cars are being delivered in every community this Spring. Each one of these new cars represents an addition to the liability of the dealer who sold it, for service co-operation, parts and accessories.

his ability and repsonsibility? Has he become a still more competent automotive merchant with a still greater and more modern instiution to serve the car owner? Or is he going to try to cover the needs of dozens of new owners with the facilities and organization that barely sufficed to meet the demands of his patrons a year ago?

"As the number of new cars increases there should be a proportionate increase in the size and importance of the local dealer. For he is the one to whom the car owner of this and previous years must look for maintenance."

ROAD FROM WALKERS CREEK TO CHURCH NEEDS GRADING.

A. J. McKinney, Cameron Route 2, was in Cameron Wednesday and while here said that the citizens living in his community ask that the Commercial Club take steps to have the road from Walkers Creek to Little River church graded. He has agreed to furnish the gravel for this road. The road branches from the Maysfield road at Walkers creek and is the route traveled by the rural carrier on route 2.

Mr. McKinney has asked that this matter be presented to the Commercial Club for action. This road if improved will furnish a much shorter route to Cameron from that community and it is likely that the club will take some steps to aid the people of that community.

Summer Outings

—on the—

S. A. & A. P. MOUNTAINS | SAN ANTONIO AND ARANSAS PASS RAILWAY | S. A. & A. P. GULF COAST

Texans, who enjoy Summer Camping will miss a great treat if they do not go to Live Oak Peninsula, between Aransas and Capano Bays this Summer. Rockport is the railroad station, and the S. A. &. A. P. Railway will take you there.

A SEA COAST WITH PLENTY OF SHADE.

This Section is covered with big Live Oak trees. Here you can combine the pleasures of Summer Camping with Sea Fishing, Sailing and bathing—an ideal and economical way to spend an "Outing." Those who prefer camping right on the beach front can find many fine places in and around Corpus Christi. The S. A. & A. P. Railway will take you there. Splendid Hotels and Boarding houses at Corpus Christi.

HILL AND MOUNTAIN CAMPING.

The Hills and Mountains on the Boerne-Kerrville Branch of the S. A. & A. P. Railway furnish most delightful places for camping—altitude range from 1500 to 2000 feet. Good hotels and boarding houses at S. A. & A. P. Stations.

SPLENDID COMMUNIAY CAMPING.

Make up camping parties and select your camping location. You will then find out what splendid neighbors you have away from politics and business. Take along the phonographs and fiddles; community singing and camp life under the stars will bring new joys and sunshine to all. Send a representative to the many S. A. & A. P. Resorts and pick out a camp site. Plenty of water, and the truck farms will furnish you vegetables.

Fishing, bathing and boating in the Gulf Salt Water or in the beautiful Guadalupe River on Kerrville Branch, all of which will add an invigorating and enjoyable vacation.

Summer Round Trip tickets are now on sale to Corpus Christi, Rockport and Kerrville. See your Railway agent. Write the Secretary of Chamber of Commerce for further information, or address

NEW PLANS MADE FOR BRIDGE OVER BRAZOS AT GAUSE

STRUCTURE WILL COST $145,000 SAYS E. A. CAMP IN REPORT TO CLUB.

Rockdale, Texas, May 28.—At a recent meeting of directors of the Rockdale Chamber of Commerce, a report was made by E. A. Camp chairman of the committee on roads and transportation in which he accounted for a visit made to the office of the State Highway Commission and the commission engineer, Mr. Fauntleroy.

Mr. Camp's trip to the commission was to ascertain the status of the Brazos River bridge to be built near Gause as the vital link in the John H. Reagan division of the East and West Texas Highway. Camp stated that while there had been a lapse of 19 months since the first move had been started ,and many of the citizens had grown impatient regarding the seemingly interminable delap in getting the specifications in shape for advertising for construction bids, still there seemed to be nothing unreasonable in the situation as it had developed.

Two separate plans for the bridge had beed drawn where only one was called for at first, and a third plan has been suggested by the Federal bureau. The county commissioners of both counties have complied with Government requirements and had sent down their official papers to Austin; the money, $65,000 had been set aside from the district's road bonds issue for the Milano-Gausog of the highway, and this money could not be diverted.

There now remained the necessary work to secure funds of but 18 miles of the highway, and this was in process of being worked out, Camp stated. It now seems probable that bids for construction of the Gause bridge over the Brazos will be inserted in the proper journals within 30 to 60 days and while the bridge will cost about $145,000—about $20,000 more than first estimates showed—and by late summer or early autumn actual construction will have begun on the bridge.

The Brazos River Bridge has long been needed by this section, and when built and opened to traffic, it will shorten the route from East Texas to San Antonio and the Southwest by at least 40 miles, obviating a long detour from Hearne up to Calvert and beyond to the "Black Bridge" or to the steel bridge at Port Sullivan.

Rockdale, Texas, May 29.—Purchased by a committee comprising Mrs. W. E. White, organist, and Mrs. Jim Copeland, First Baptist church of Rockdale will have installed by Sunday a fine new piano.

Rockdale, Texas, May 29.—Under direction of Noble Grand H. C. Meyer, the local lodge of Odd Fellows has just had completed a handsome brick and concrete entrance gate way to the I. O. O. F. Cemetery.

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous For Cameron People to Neglect.

The great danger of kidney troubles is that they so often get a firm hold before the sufferer recognizes them. Health will be gradually undermined. Backaches, headaches, nervousness, lameness, soreness, lumbago, urniary trouble, dropsy, gravel and Bright's disease may follow as the kidneys get worse. Don't neglect your kidneys. Help the kidneys with Doan's Kidney Pills, which are so strongly recommended right here in Cameron.

T. F. Weaver, Box 443, Cameron, says: "I have used Doan's Kidney Pills off and on for some time and they have never falied to give me good results. At times I have had slight attacks of backache and the action of my kidneys annoyed me. Doan's Kidney Pills always gave me the desired results when I used them for these attacks. I keep Doan's on hand and recommend them as a kidney remedy of merit."

CULBERSON MAY RUN IF SENATE FAILS MAYFIELD

POLITICAL BOSSES BELIEVE MAYFIELD WILL BE OUSTED.

Austin, Texas, May 29.—That former United States Senator Charles A. Culberson is certain to be a candidate for election to the post he had held for 24 years up to March 4 last, in the event of the ousting of Senator Earle B. Mayfield is a statement attributed by several Texans, who lately visited Washington, to Chesley W. Jurney, for years private secretary of Mr. Culberson and who is now the secretary for Senator Royal W. Copeland of New York.

Jurney is quoted by these men, all well-known in Texas politics—both Democrats and Republicans—as saying there is no doubt about the fate that will befall Senator Mayfield and that the day the ouster comes will witness the announcement of his candidacy by Culberson. The recognition of the fact that nobody comes nearer knowing the intentions of Culberson than Jurney, it is agreed, gives much significance to his statement. The character of the men who have-told the press what Jurney is said to have stated leaves no doubt as to his (Jurney's) belief.

It can not be questioned that "If" all these things happen, the Texas politicial situation would be as stirred up as it was in the primaries of 1922. Not even the presidency of the University of Texas, it is believed, looks so tempting to Pat M. M. Neff as the right to sit in the senate of the United States. There can be little question that, for months, he thought much of "mixing" it with Senator Morris Sheppard. Along came the resignation of President Vinson of the University and well—all Texas knows what has been said and written. Sheppard came to Texas and commenced his offensive. There is foundation for the opinion that Governor Neff, while not fearing the outcome of a tussle with Sheppard, rather wishes he might have another opponent.

Provided something prevents the change from the executive office to university hill and provided Mayfield becomes a private citizen by vote of the senate, the best possible guess concerning Neff and his future is that he will, regardless of Mr. Culberson or anybody else, pluge immediately into the fight for the toga Culberson wore so worthily and long. Possibly it may be a year before the final outcome of the fight on Mayfield becomes known. It is believed the senate on convening in regular session next December will at once name a committee to hear the Peddy contest. It is rather thought that committee will do much of its investigation work in Texas instead of at Washington, not only more thoroughly to determine the issues in question, but to save the expenses of so many witnesses going to and returning from Washington. All that will take time, espcially with senate rules allowing the utmost freedom of debate. The Mayfield case may hang on just like the Newberry matter did.

Only election to the head of the university where he graduated, all informed men think, will prevent Mr. Neff from aspiring to represent his native state in the senate—if Mayfield gets the ax. But the news that Mr. Culberson means to make the attempt will cloud the atmosphere of politics and nobody whose opinion counts fails to feel that the clan of Culberson will be as active and as numerous as it was a year ago, at least.

CALOMEL GOOD BUT NEXT DOSE MAY SALIVATE

IT IS MERCURY, QUICKSILVER SHOCKS LIVER ANR ATTACKS YOUR BONES.

Calomel salivation is horrible. It swells the tongue, loosens the teeth and starts rheumatism. There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel. It is a pleasant vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Calomel is a dangerous drug, besides it may make you feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No salts necessary. Your druggist says if you don't find Dodson's Liver Tone acts better than treacherous calomel your money is waiting for you. H

EASY TO DARKEN YOUR GRAY HAIR

Try this! Brush Sage Tea and Sulphur Compound through your hair, taking one strand at a time

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is mussy and troublesome. At little cost, you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound, and look years younger.

CHRONICLINGS OF INTEREST FROM OVER THE COUNTY

ROCKDALE CITIZENS MOURN THE LOSS OF NOBLE MAN AND FRIEND.

Rockdale is still suffering from the shock occasioned by the sudden death of Fred H. Graves, as told of in these columns last week. No death that has ever occurred here has caused a more engulfing wave of sorrow, and the suddenness with which the blow fell had had a stunning effect upon our entire citizenship.

The esteem in which this good man was held by all Milam county people was attested by the enormous crowd which attended his funeral last Thursday afternoon. The people came from all sections of the county, and in compliance with a proclamation issued by Mayor H. C. Meyer every business house in Rockdale closed its doors, and practically every citizen in town paid a last tribute of respect to Fred Graves by following his remains to their last resting place.

At 4:30 p. m. a brief family religious service was conducted at the home by his pastor, Rev. N. H. Melbert. The remains were then borne to the Methodist church, where Rev. Melbert, assisted by a former pastor, Rev. W. S. Thomas of Houston, conducted the funeral service proper. Rev. Melbert in his eulogy spoke simply and from the heart. He told only that which every hearer already knew—that Fred H. Graves was a man of the people; good citizen; good neighbor; loving husband and father; devoted son; working church member; and simple, faithful Christian.

From the church the funeral procession, the longest by far every noted in this city, wound its way to the I. O. O. F. cemetery, where the Knights of Pythias order took charge of the remains and interred them according to the beautiful ritual of the Lodge, Sir Knight E. A. Camp acting in the official role. Active pall bearers were W. A. Coffield, E. A. Camp, H. H. Camp, L. W. Sledge, Conn R. Isaacs, C. R. Stribling, John E. Cooke and Dr. J. P. Sparks. The list of honoroary pall bearers included W. E. White, Lon Hudson Dr. T. D. Rountree, O. K. Phillips, H. M. Callaway, John Mangum, C. W. Sledge, E. H. Coffield, H. G. Perry and J. Trim Hale. The grave was filled by his brother Knights, and the new-made mound was heaped high with floral offerings to an extent never before seen here.

A touching feature of the funeral was the escort of Boy Scouts. Mr. Graves was one of the Scout Commissioners of the local Troop, and took an active interest in these boys. He had already been planning their summer camp and looking forward to helping the Scouts have the time of their lives next month at Randle Lake.

Fred Hill Graves was the son of Fred A. and Alice S. Graves, and was born April 22, 1884, at the old Graves homestead near Lilac, this county. He was educated in the Rackdale Public School, and later received training at A. & M. College, Southwestern University, and finally a business course in Waco. Later he was assistant county clerk under Hon. Jeff T. Kemp, leaving that position in 1909 to come back to Rockdale to accept a position as accountant with Rockdale State Bank. It was not long until he was advanced to the position of assistant cashier, and upon the death of Cashier W. L. Baird in 1914, he was made cashier and took over the complete management of the bank—a position he held with honor to himself and profit to the bank thereafter until his death on May 16, 1923.

On February 26, 1908, Mr. Graves was married to Miss Etta Loper of this city. The marriage ceremony was performed in the Methodist church by Rev. W. S. Thomas, then pastor, who also about the same time received Mr. Graves into the church, where he remained an active member until he died. At the time of his death he was a trustee and steward of this church.

Among deceased other activities there was none to which he devoted more thought and time than as trustee of the Rockdale Public Schools. Mr. Graves was elected to membership on the Board about ten years ago, and for the past several terms had served the Board as its president. In his death the schools of this city have lost a firm friend.

Deceased was a man of considerable means, being widely interested in various enterprises. He had retained large interests in the ranch and cattle business near Lilac, was a stockholder of the bank over which he presided, owned a considerable interest in local lignite mining projects, farm lands, etc. One of his strong points was his unfailing courteous hearing to any person on any subject. He was a director in the Chamber of Commerce, chairman of an important committee, and a hard worker in this body. He was ever ready to do his part, and more, toward the furtherance of any civic enterprise which he deemed worthy, and he turned no cause down until he was sure that it was unworthy. Fred H. Graves was a builder. His entire vision of life was of a constructive nature. He lived his town and his community, and did well his full part in all forward movements. He will be sadly missed by those who are left to "carry on."

Of immediate relatives there survive him his wife, Mrs. Etta Loper Graves; two children, Fred Hill, Jr., and Mignon; his mother, Mrs. F. A. Graves; a sister, Mrs. T. S. Barkley, and two brothers, Preston and Rufus Graves.—Rockdale Reporter.

ROCKDALE TIGERS CLOSE BASE BALL SEASON WITH 10 GAMES WON TO 4 LOST.

The games of last week closed the season for High School base ball. Coach Hughes' fighting "Tigers" had a successful season, winning ten games out of fourteen played. The games won were:

From Cameron 3: from Sharp 3; from Taylor 2; from Giddings 1; from Baylor Cubs 1. Games lost were: To Thorndale 1; to Rogers 1; to Waco High 1; to Baylor Cubs 1.

Below is given the batting averages for the players who participated in as many as three games. "AB" signifies the number of times at bat; "H" the number of safe hits, and "Ptc" the per centage standing of the player. While Robertson technically stands at the head, Pitcher Fred Green really leads, having been to bat 50 times as against Robertson's 12.

GOOD SHOWING FOR CATTLE DIPPING IN MILAM COUNTY

W. J. Lee inspector for this district says there were 27,000 head of cattle dipped in Milam county during last month under the supervision of the State Livestock Sanitary Commission. Out of twenty-nine herds classed as infected herds there were only 84 infected cattle, indicating that there are only four infected cattle for each inspector in Milam county. Assuming that the above figures are authoritative, and there seems to be no reason for any other conclusion, the Champion feels that the work done by the county inspector and his assistants deserves commendation and that the charge to the effect that the money expended from public funds for this purpose was not justified by the results accomplished is without foundation in fact.

Aside from the advantage to stock raisers resulting from a healthy bunch of cattle and the better profits to them thus insured, the Livestock Sanitary Commission have statistics to show conclusively that the general health of the people is promoted by the mere fact that steaks and roasts from infected meat animals are barred from the dining table. In the light of the facts known it is inconceivable that any parent would object to maintaining the work of dipping and otherwise promoting healthy meat for his children to eat. Let the good work go on unabated.—Thorndale Champion.

OIL FROM SCHRAM WELL SHOWN HERE SATURDAY

C. C. Tate, a prosperous farmer living near Thorndale on the west, was in town Saturday with a bottle of oil taken from the Schram oil test being made five miles southeast of Thrall and nine miles southwest of Thorndale. Work on the well was temporarily stopped last week by a high wind which blew the derrick over and during the past few days live oil rose to a depth of 200 feet in the hole.

The well is now said to be 2194 feet deep, casing set at 2124 feet with no water below. A standard rig is being completted and the owners of the well who are Thrall and Taylor men are expecting to bring the well in within the week.

FORMER THORNDALE CITIZEN DIES AT ARLINGTON.

A telephone message was received Wednesday morning from Arlington by Mrs. F. E. Stiles stating that Mrs. R. C. Brown had died at her home in Arlington at about seven o'clock Tuesday afternoon. The remains were buried at Arlington Wednesday afternoon.

Mrs. Brown was well known here having made Thorndale her home for many years just prior to her removal to Arlington about fifteen months ago. She was in bad health for many years but bore her affliction with great fortitude, and the announcement of her death came as a great sorrow to her many friends.—Thorndale Champion.

TWIRLER FROM THORNDALE MAKING GOOD.

The Waco News-Tribune on Monday carried a notice of the base ball game between Baylor University and the University of Texas in which Lane Gore, a Thorndale boy and student in Baylor, was given special mention. It says: "Red Gore, product of Thorndale, came to the rescue of Coach Bridges and the Baylor Bears Tuesday afternoon when he not only took the mound in order to give Lyons and Freeze a much needed rest just prior to the opening of the important series with the University of Texas, but he pitched a brand of ball that would have been a credit to a Freeze or a Lyons, and the Bears wrung up a much needed victory over the Rice Owls by a score of four to one. Only five hits were gleaned off the delivery of the Milam county product and two of these were of the infield variety. Not a clean blow was made off his delivery until the seventh when Hale and Locke hit safely for the only run of the game for the visitors.—Thorndale Champion.

SPARKS BUYS INTEREST OF PATENTEE MOORE IN MO-JO FILLER CO.

By the terms of a deal closed Monday of this week Dr. J. P. Sparks, president and large stockholder in the Mo-Jo Filter Company, of this city, acquires the entire stock interest of R. S. Moore, inventor and one of the patentees of the filter system. The deal also included Mr. Moore's remaining interest in the patent with sales rights in the 43 states not included in the local company's contract with the patentees, Moore & Jones. Mr. Moore retires as superintendent of the factory and will be succeeded in that position by J. A. Thomas. As a result of this deal Mr. Moore comes into ownership of 86 acres of good black land near Sharp, this county, plus a cash consideration of $5,000.

The Mo-Jo plant is now running full time, the present output being between 500 and 600 5-gallon cans per day. Sixteen men are now employed by the factory and rapidly increasing sales will necessitate soon the employment of more men and the increase of factory space. The machinery capacity of the plant is 15,000 cans per day, to produce which would require a force of 300 operatives.

The organization and original financing of this company was put through by the Rockdale Chamber of Commerce in November 1921, the first working capital having been subscribed among the directors of that body. The plant was assembled and has been operating now since last January. The success attending its operation so far indicates greater production yet in store, and stamps the undertaking as one of the best pieces of work yet accomplished by the Chamber of Commerce. The plant's payroll at the present time is more than $1,000 per month.—Rockdale Reporter.

"Lost my cap," growled the Mad Motorist.

"Here's one of those 'SURE-FITS'" smiled the Happy Haberdasher. "When you're driving, just snug in this little strap. It'll stick like fly-paper."

AND that's only one reason why "SURE-FIT" is the world's most comfortable cap.

No elastic to bind the forehead. The simple adjusting strap (hidden above the visor) works the same way as a belt. A slight pull, and your "SURE-FIT" is tighter or looser, as you prefer.

All the new Fifth Avenue styles, in the latest patterns from American and overseas mills. Prices the same as you'd pay for *any* stylish cap—and you get "SURE-FIT'S" unrivalled comfort.

Important: Our better grade "SURE-FITS" are specially treated so that they shed showers. Thus they keep their shape, last longer, look better, and give you 100% comfort on a rainy day.

Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle

AMERICA RECALLS DEEDS OF SOLDIERS DECLARES OWSLEY

LEGION COMMANDER PAYS HIGH TRIBUTE TO LATE WAR VETERANS.

Indianapolis, May 29.—The splendor of the sacrifice of America's war dead were recalled today by Alvin M. Owsley, national commander of the American Legion, in a proclamation urging the nation to pay homage to its heroes in a fitting commemoration of memorial day.

Commander Owsley said: "The world is wracked by the quibbling of nations over the spoils of war, but the sublime faith in the achievement of the recent world struggle is still in the minds of the men and women of America who cherish a belief in righteousness of the cause.

"Brave Americans in the pursuance of the conflict's grim course became imbued with the fires of ambition which carried them on the war's objective—the destruction of an unrighteous power.

"The ideals of our citizen soldiery find expression in the defense of humanity. To have fought for the flag in the great conflict was to have maintained the cause of right. In the words of one soldier who wrote to his mother on the eve of a battle, 'for myself I would have you believe that whatever end I meet, I met it with an even mind, constant in the conclusion that I would rather have gone out to this war and not come back than to have not gone at all. My chief regret if I may not live to see the end, is that I may not witness the triumph of the right over wrong in this, the most terrible interruption of the forces of reaction in the history of man. That these forces can triumph is unthinkable, if they are to win I would rather die than witness the victory.'

"It was in such spirit that the men of this great nation died. It has that unalterable pride in the defense of humanity's rights that led them to give their all. Theirs was the realization of the spirit of America.

"Our sacred privilege is to enshrine them in the heart of America and the world. Hallowed tombs of our dead lie in the poppy covered fields of Flanders and in the home land. We, their comrades of the American Legion, shall not forget their deeds.

"On the annual recurrence of memoral day in devotion and reverence we turn to consecrate the resting place of these, our heroic dead. We must bow to the spledor of the sacrifice, the heroism of their lives, the glory of their belief in America and her institutions.

"As national commander of the American Legion, I implore every man woman and child of our mighty nation to pay homage to the memory of these brave men of every race, class and creed of every war. Let us reconsecrate their resting places as shrines of free America; rededicating our lives to the furtherance of the ideals for which they died."

Mr. and Mrs. Roddy formerly lived in Cameron and have many friends here who are pleased to hear of this splendid record that their son has made.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

CORN AND COTTON CLUB BOYS WILL GO TO A. & M.

COUNTY AGENT WILL LEAD FARMERS TO MEETING ON FRIDAY JUNE 8.

County Agent George Banzhaf was in Cameron Tuesday from his home in Rockdale and announced that on Friday June 8 he will head a large delegation of cotton and corn club boys from Milam county to A. & M. College as well as a number of farmers and their wives.

Several trips are made each year to the college by the agent to lend encouragement to the farmers for better farming methods and for better livestock and poultry raising.

Mr. Banzhaf has requested that all farmers who are planning this trip with the agent and business men of Cameron to be at the court house square in Cameron at seven o'clock Friday morning June 8. Each farmer will furnish his own transportation. It is estimated that a large number of farmers from the Ben Arnold section and from other sections where the boys have been active in the club work, will take their cars and go to the College.

A special program has been arranged at the College for that day to entertain the Milam county farmers. Those who wish may carry their dinner with them and those who do not wish to carry their lunch will find they can get lunch at the mess hall at the college.

A number of farmers have indicated that they will go and take their families with them. A large crowd is expected and Mr. Banzhaf has asked the coh-operation of the business men of Cameron and that as many as will make the trip with the farmers.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night, your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.

Rub Rheumatism or Sore, Aching Joints

Rub Pain right out with small trial bottle of old "St. Jacobs Oil."

Rheumatism is "pain" only. Not one case in fifty requires internal treatment. Stop drugging. Rub soothing, penetrating "St. Jacobs Oil" right into your sore, stiff, aching joints and muscles, and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and cannot burn the skin.

Limber up! Quit complaining! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. "St. Jacobs Oil" has relieved millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains.

RED PEPPER FOR COLDS IN CHEST

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

Red Pepper Rub is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known.

A Question

of

Loyalty

Folks who go to other towns to buy what they can get in Cameron for the same price, are breaking down the spirit of community loyalty. Folks who buy from the itenerant salesman who "takes orders and delivers" wrongs the community in that they fail to give local merchants the consideration they are entitled to.

The Mail Order Catalog and the "Quack Merchant"

Have done more to discourage community wealth than all other mercantile evils in history.

How Much

do the mail order men
and 'quack merchant'
give for schools,

for good roads

for churches

for athletic funds

for baseball clubs

for all enterprises?

Who pays the Taxes?

?

The Cameron Newspapers

Preach this kind of doctrine all the time. Is it right for out of town printing houses to print sales bills, commercial printing for Cameron business men?

BAPTISMAL SERVICE AT EVENING HOUR BAPTIST CHURCH

MORE THAN TWENTY TO BE BAPTISED BY PASTOR AT NIGHT.

More than twenty converts from the recent revival meeting held at the Baptist church in Cameron, will be baptised at the night service at the church Sunday night. Announcement of this was made by Rev. R. C. White, pastor of the church.

Rev. White has just returned from the Southern Baptist Convention held in Kansas City, and will preach at the morning and evening hours at the church Sunday.

At the eleven o'clock hour he will preach on the subject: "The Sunday School and Its Place in the Church." At the evening hour he will preach from the subject: "Sanctity of Church Membership."

Owing to the fact that a large number of exercises were held this week marking the close of the school, the laymen's meeting has been postponed until some time in early June. President J. M. Ralston will have a good program ready for the meeting and the laymen of the church are looking forward to the meeting with eagerness.

The Chautauqua program next week has made it necessary to consider no dates during the week for the meeting.

The meeting of the laymen will be the third held since its organization.

NOTES FROM THE MISSIONARY

Wife and I have recently returned from a two weeks trip to West Texas in answer to a telegram calling us to the bedside of Alvin Wilson, near Naruna. A grandson 18 years old, who after five days of inscribable suffering passed to his home beyond.

In addition to this we were called to the unexpected funeral of the wife of W. D. Springer of San Angelo, who is my oldest brother, but we are comforted from the fact that both named above were devout Christians and ready for their exit to meet their Lord.

The Worker's Council of Milam County Association met in regular session at the First Baptist church in Cameron Saturday 26, and after hearing some good reports from the Field from those present, Brother Ward, pastor at Thorndale addressed the meeting.

We agreed to launch a ten days campaign in the interest of the Association to secure the enlistment of all the local churches in every phase of our Baptist enterprises.

The next meeting of the Workers Council will convene at the Baptist church in Cameron Saturday 10 a. m. June 30, 1923, and a fine program is already in the hands of the brethern for it.

Let our good women as well as the brethern be on hand to discuss the work of the W. M. U. Special emphasis will be put on the S. S. and B. Y. P. U. work also.

It is the prpose of your Missionary and the brethern to plan for a soul-winning campaign for this Association that will be thorough, intense and comprehensive, we will need a gospel tent and a gospel singer and a number of volunteers among the preachers and pastors who will agree in putting this plan and campaign over.

I was keenly disappointed in not getting to attend our great Southern Baptist Convention at Kansas City but our pastor, Russell C. White attended and brought to us a stirring message of its proceedings.

Bro. G. S. Tumlin has resigned as pastor at Rockdale.

I preached at both hours Sunday at Little River and on motion they agreed to meet on the 2nd, Sunday in June and call a pastor.

I am to go to Millerton next Saturday and Sunday. Let us observe June the 1, as a day of special prayer for the on-going of God's kingdom and for each other that we may have that fellowship and love for one another for which Christ prayed.

E. L. SPRINGER, Rt. 2
Cameron, Texas.

METHODIST MISSIONARY.

The Women's Missionary Society of the Methodist church met Monday afternoon in the basement for Bible study. Mrs. R. L. Batte, Sr., as leader. The 15th chapter of Acts was followed by discussion on the leading and important verses. Mrs. George Drury, of Bishop was a welcome guest for the afternoon.

It was announced that the committee working on the religious Survey was authorized to meet the pastor at the church Wednesday afternoon at 3 o'clock to perfect the plans for carrying out the Survey work.

PRESBYTERIAN CHURCH NOTES

Sunday morning we will have the special service in honor of the Presbyterian girls and boys who are graduating from the Seventh Grade and the High School. This is an annual affair with us and the service will be an enjoyable one. We invite the graduates of the school to be with us in the service.

Usual services Sunday evening.

Rev. Robt. Hill, D. D., pastor of the First church at Tyler will come to us on the 12th, to begin a meeting. This is going to be a rare treat and we want you to make your plans to hear Dr. Hill.

H. R. McFADYEN, Minister.

BAPTIST WORKERS CONFERENCE HELD

PROGRAM FOR JUNE MEETING OUTLINED BY COMMITTEE FOR CHURCH.

Saturday the Baptist Laymen's Conference was held with the First Baptist church in Cameron.

The question of county evangelism was discussed and plans were made whereby a county wide evangelistic campaign can be had this summer.

Rev. E. L. Springer, county missionary and the pastor Rev. R. C. White, were among the principal speakers. Rev. White gave the workers a report on the Southern Baptist Convention and Rev. Springer gave a report on associational work.

The workers conference program for June 30 is as follows:

10:00-10:15—Devotianal—Will Majors.

10:15-10:45—Report from churches.

10:45-11:15—Report of Missionary and discussion of the work.

11:15-12:00 — Sermon — Pastor Wead of Thorndale.

12:00-1:00—Adjourn for lunch-served at the church.

1:00—Session convenes.

1:00-1:30—Discussion of Sunday School work—H. M. Roark.

1:30-2:00—Discussion of W. M. U. work—Pastor Williamson of Buckholts.

2:00-2:30—Discussion of B. Y. P. U. work, R. C. White of Cameron.

2:30-3:00—Associational Evangelism—E. M. Agee of Yarrellton.

3:00—Adjourn.

This meeting to be held with the Cameron Baptist church. Lunch will be served.

BAPTIST AUXILIARY.

The ladies of the Baptist Auxiliary held their meeting in Circles Monday afternoon. Mrs. John Mangum was hostess to Circle one, and met for study in Baptist Standard Review, with Mrs. J. C. Martin as leader. There were seven members present.

No. two met with Mrs. Geo. A. Thomas and they studied Baptist Standard Review. Mrs. Thomas was leader and there were six members present.

Mrs. Martha Shepherd was hostess for No. three and they held a business session. Six members were present.

Miss Winnie Henderson conducted an interesting meeting with a good attendance from circle No. four.

ST. RITA'S CIRCLE.

The ladies of the St. Rita's Circle held their regular meeting last Thursday with Mrs. Bill Marek. The afternoon was spent planning a picnic for the school children. After the business was transacted, Mrs. Marek served refreshments. The next meeting, which will be the last meeting of this season will be held with Miss Margaret Kunz, June 14th.

The children of St. Anthony's school enjoyed a delightful picnic last Monday afternoon in Mr. Batte's park. While the children played games, the ladies of St. Rita's Circle prepared a spread, consisting of sandwiches of all kinds after which they served ice cream and soda water.

Presbyterian REVIVAL

TO BEGIN

JUNE 12

The series of Evangelistic services at the Presbyterian church announcement of which was made last week, will begin on Tuesday evening June 12. The meeting will be led by

Rev. Robt. Hill, D. D.

One of the ablest pastors and preachers of the church in Texas, Dr. Hill has been highly honored by the Synod and the church at large and the local church is very much pleased to announce a meeting led by him.

The services will be held in the open air on the church grounds where comfortable seats will be placed so that all can enjoy the services.

Invitations have been sent out to neighboring Presbyterian congregations and it is expected that a number of visiting Presbyterians will be in the services.

EVERYBODY INVITED AND URGED TO ATTEND THE SERVICES

CAMERON WINS 4 POINTS IN CHICAGO ATHLETIC MEETING

TAYLOR WINS IN FINALS IN DISCUS THROW—TEXAS SCORES.

Chicago, May 26.—Texas acquitted itself nobly at the national track interscholastic field and track held at the University of Chicago this afternoon, Allen Academy of Bryan, winning third place in the academy division. Cortmeglia, one of their chief point winners, broke the academy record in the javelin throw by 20 feet with a heave of 166 feet 8 inches.

The meet, which was won by the University High School of Chicago in the high school division, and St. Johns of Delafield, Wis., in the academy division, was characterized by the number of records broken, 13 being smashed in all. Of these one was a world's record, in the broad jump, and two were American records.

The chief scorer from Texas in the high school division was Cockrell of Alvin, Texas, who made 8 points; Thomas of Electra second, 7. Cameron, Texas, made 4, Waco 3 and Fort Worth 2.

Texas placed in 12 out of 18 events in which they were entered. The chief individual scorer was Kirksey of Allen Academy, who made 11 of the 30 points his team amassed.

Though cold weather hampered the boys from Texas, they did remarkably well, placing high on the list of honors.

The fact that few men were brought to Chicago did not hamper Texas. Alvin, Texas, entered but one man, Cockerel, but he alone copped 8 points, putting Alvin higher than some teams with as many as 10 entries.

The Texas boys will leave for home tonight after an entertainment the university had provided.

Students of a Middle Western school were singing praises here tonight of Gene Goodwillie, a representative of the University Heights School of Chicago, whose spectacular sprints upon a track this afternoon enabled his school to win the national interscholastic meet. The local school piled up a total of 20 points for the premier position.

Two Pacific coast entries stood well up in the list when the final figures were in, Hollywood, Cal., taking the second position and Huntington Beach, Cal., coming up a close third.

Two world's records were equaled in the century and furling by Goodwillie, who flashed along the cinder path at a whirlwind pace. He started things moving toward a victory for Hights by nosing out Dienzo of Hollywood in the 100-yard dash in 9 4-5 seconds, thus equaling a world mark. The meteoric Goodwillie captured another win when he paced the 220-yard stretch in 21 2-5 seconds, which is also a world record.

Hollywood High of California was second with 17 points; Cedar Rapids third with 14.

Buck of Wilson, Kan., was the highest point getter, making a total of 11 1-2 points. Goodwillie piled up 10 points and a lead in the three-quarter mile relay, the race which decided the championship.

The meet set several new marks, as the track was fast. Five records were broken and three tied.

In the academy division, St. Johns Military Academy of Delafield, Wis., piled up 60 1-2 points for the championship. Lake Forest was second with 50 3-4 and Allen Academy, Bryan, Texas, third with 35 1-2 points.

Drugs Excite the Kidneys, Drink Water

Take Salts at First Sign of Bladder Irritation or Backache

The American men and women must guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the system so they no longer are a source of irrigation, thus often relieving bladder disorders.

Jad Salts is inexpensive; can not injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time. By all means have your physician examine your kidneys at least twice a year.

"Slimy Taste"

"When I feel stupid, get constipated, or bilious, I take a good dose or two of Black-Draught and it sets me straight," writes Mr. George B. Haislep, of R. F. D. 2, Columbia, S. C. "It cleanses the liver and I feel all right, and have not used any other medicine as I do not see the need of it. I am a guard at the State Reformatory, and have been for three or more years. When I first heard of

BLACK-DRAUGHT
Liver Medicine

and the good medicine it was, I had been having a tired feeling when I'd get up in the morning. I would be stiff and sore, and had a slimy, bad taste in my mouth, but didn't think so much of it till I began to feel stupid and didn't feel like eating—then I knew I needed medicine. It was then I began Black-Draught, and I felt all made over, ready for any kind of work, ready to eat and sleep. So, for any return of this trouble, I take Black-Draught, and for 25 years it has been my medicine, and I wouldn't be without it at all. My work is constant. I am on my feet a lot. I am out of doors, and fresh air and Black-Draught are all the medicines I need. I recommend it to others for I know it is good."

FIRESTONE QUITS AMERICAN RUBBER ORGANIZATION

FAILURE TO ACT IN CRISIS ASSIGNED BY BIG MANUFACTURER.

Announcement was made today at the Washington Office of Harvey S. Firestone, President of the Firestore Tire and Rubber Company, of the Company's resignation as a member of the Rubber Association of America.

The letter of resignation, signed by Mr. Firestone and addressed to Mr. A. L. Viles, General Manager of Rubber Association of America, very plainly states Mr. Firestone's reasons for the Company's withdrawal from the national organization. Mr. Firestone's letter follows:

"In behalf of the Firstone Tire & Rubber Company I hereby tender, for the attention of your Board of Directors, its resignation as a member of the Rubber Assocation of America. This action is taken only after mature consideration and with the greatest reluctance. The failure of your organization to cope with the major problems of the Association, especially the crisis created by the Rubber Restriction Act, was impelled this action.

"In the beginning this Company called your attention to the laws and has ever since urged you to action. You appointed a committee to confer with the Rubber Growers. We protested that this would be a waste of time. Months have elapsed—the Rubber Growers have reported urging more strict enforcement of the laws. Nothing has been accomplished.

"Feeling this would be the result we have been doing everything in our power to bring about a protest to the British Government through the proper channels available. We have not had your co-opreation. We have had only your continued opposition.

"Immediately after the failure of your negotiations with the Rubber Growers, the writer appeared before your Board and asked their cooperation with the work outlined by the Washington conference.

"You unanimously refused and circularized your membership to that effect. You withheld from your membership notice of the fact that at the same meeting in my absence, you were unanimously of the opinion that Secretary Hoover's suggestion of a rubber buying organization to combat the British monopoly of rubber production 'would be unwise and ineffective.' Nor did you advise your membership that at the same meeting you appropriatted $5,000 of the Association's funds to employ a publicity to use the trade papers and general press to 'quiet any misapprehension' that existed as to the Rubber Association's viewpoint on the Restriction Laws.

"The United States Government has recognized the problem as vital, affecting both our peace prosperity and war security, and has appropriated a substantial fund for the investigation of a safe and adequate source of supply.

"This Company desires to do everything in its power to further this worthy project and to continue the agitation for the repeal of the British Laws. We have been aware of your opposition, even of your direct appeal to the membership to have nothing to do with our efforts, but when you employ the funds of the Association a substantial portion of which this Company contributes—to actively oppose by systematic and organized publicity our efforts to secure the repeal of the laws and better conditions for the rubber industry and the consumers of rubber products, there apparently remains no choice.

"It is with great regret that the writer notifies you of this decision. Especially in view of the fact that he had the honor of being president of the Association during the reorganization period and has always had in mind the high purpose for the good of the industry and the American public it might serve."

COURAGE.

That which we feel that we can do
Is our measure by our eye,
Whatever we have well "put through"
All others judge us by.
The latent power that in us lies
To meet the tests of life,
Is courage bred by each emprise
We enter in the strife.
That "He who hesitates is lost"
Is sad, yet always true.
The tender plant succombs to frost
The immorteis are few.
Thy storehouse fill with what is best,
Against the day of need.
Thyself, and other, will be blest—
'Tis wisdom's way, indeed.
Then when the years shall take their toll—
And feeble burns thy light—
The gems that gleam within thy soul
Dispel the gather'ing night,
On God and self we must depend
Forever and a day,
The road is narrow at the end—
But one can pass that way.

PORCH PARTY.

Miss Rose Rischar tendered a delightful Porch Party to the members of the Bridge Club last Friday afternoon at the Sanitorium. The third floor porch was beautifully decorated with ferns, flowers and wicker furniture and other attractive furnishings, presenting a most delightful cool place for the assembly.

There were three tables of players and after many hard fought games Mrs. S. A. Cottle carried off high score, while Mrs. Thomas received low score. Mrs. Warren F. Stone, of Michigan, was presented with a handsome boquet of gladiolas.

Miss Rischar served her guests with lobster salad, potato chips, bread an butter sandwiches, tomato sandwiches, pickles, olives, crackers and pink and white brick ice cream and margauerites. Plate favors were small boquets of sweet peas.

Besides club members those present were: Mesdames Stone of Michigan, S. A. Cottle and B. P. Matocha.

PRISCILLA CLUB PICNIC.

Last Thursday afternoon the members of the Priscilla Club decided to make the closing of the club meetings out of the ordinary, and the wive's motored out to Wilson-Ledbetter Park at 5 o'clock, selected an ideal spot, laid a most delicious lunch for their husband's who went out after six o'clock.

The park is an ideal place for an evening of pleasure such as this was, and the husband's voted it a success and carried a motion for the event to be repeated weekly. The luncheon consisted of fried Spring chicked, sandwiches, salads, olives, pickles, ice cream and cake. There were some 26 people present to partake of this delightful repast.

ALUMNI ORGANIZATION FOR YOE HIGH CLASS.

Last Monday evening Miss Amelia Williams, who has been teacher of History and Class Supervisor for the four years of class '23 of Yoe High school, tendered the class a banquet at the home of Mrs. I. Stidham. While it was an informal affair, it was voted one of the most enjoyable events in the history of the class.

The dining room and table was decorated in white and green, the class colors. Central adornment of table was a cut glass basket of gladiolas. Place cards were hand-painted featuring the butterfly in opalescent shades. Plate favors were pottery cups in brown filled with sweet peas and tied with green and white ribbons.

Miss Williams acted as toast mistress for the occasion and conducted an interesting history class. Many amusing questions were asked and as many bright answers were given. A splendid four course menu was served during the questions. Then the Class Roll was called from the Class Grade book, each member responding with an appropriate answer or verse. Second Course—Sunflower salad, 3rd Course was the platter propper with fried spring chicken, brown gravy, cream peas, mashed potatoes, candied peach, pickles, olives, bread and batter sandwiches, biscuit, devilled eggs on lettuce leaf, 4th Course, Green and white brick ice cream and angel food cake.

After dinner the class assembled on the lawn and sang college songs and exchanged experiences, and afterwards organized their High School Alumni for 1923. By unanimous vote, Bassett Watson was elected president. Secretary Willard Keith. Treasurer Harleigh McGregor. The class planned to have their next meeting at some place during the holidays.

CLASS BANQUET.

The class of Yoe High School held its Class Banquet last Saturday evening at the home of Mrs. I. Stidham's. The entire reception rooms and dining room were decorated in the class colors. The table was very attractive. In the center there was a handsome vase of gladiolas resting in snowy white lines, while cut glass baskets of sweet peas adorned either end. Place cards were hand-painted in sweet pea designs, the work of the girls of the class, and mint cups were in basket design.

Bassett Watson, Class President, acted as toast master for the evening and addressed the class in beautiful and well chosen words before the program began.

As a special compliment, Miss Ada Henderson was the guest of honor for the evening, as she had each student in their first work. She is a much loved instructor, and in response to the toast given her, made a happy talk, expressing her hopes and ambitions for the class, and for each individual. Mr. L. H. Kidd, Superintendent, toasted the class "For Better or for Worse." The toast master was toasted and roasted by Harleigh Mcgregor, then the following program was given:

To the Sponsor—Pauline Green.
To the Faculty—Ray Mayfield.
To our Parents—Miss Lois Camp.
To the Girls—Marvin Sykes.
To the Boys—Miss Sallie Coleman.
To the Athletes—L. Van Perkins.
To our Love Affairs—J. L. Hearrell
To our Ambitions—Miss Martha Lou Hooks.
Till we meet again—Leonard Mcwhinney.

During the banquet between the toast the following menu was served: Fruit cocktail, cucumber and tomato salad, pressed chicken, asparagus tips on toast, mashed potatoes, olives, ham sandwiches, biscuits, green ice cream and white cake. Plate favors were sweet peas. After dinner all stood forming a circle around the table, and with hands clasped, sang, "'Til We Meet Again."

A PRETTY RECEPTION

The home of Mr. and Mrs. C. N. Green was the fitting setting of one of the prettiest entertainments of the class of Yoe High School last Tuesday evening when they opened their hospitable doors to the graduaing class of nineteen-hundred twenty-three.

The entire reception suite was decorated in the class colors—white and green, and class flower, sweet peas. The receiving hall was beautiful in its dress of honor for the occasion and the dining room was especially attractive. Handsome cluny lace centerpiece covered the table, while a large bowl of sweet peas rested in center of table. Crystal holders on either side held green wax tapers; crepe streamers in class colors from all ends of the table were drawn to the central chandelier of ceiling. The mantel was adorned with the favored flower and burning tapers in crystal holders gave the only light.

Mr. and Mrs. Green welcomed the guests at the door inviting them to partake of their hospitality. Miss Reba Cheeves presided over the punch bowl and handed delicious colonial punch from a massive cut glass bowl. Hon Tom Connolly, of Marlin, was the guest of special honor, as it was he who addressed the class at the closing exercises at school house before assembling at this home.

Miss Nell Du Bois favored them with a vocal solo, Mrs. Ira F. Key accompanying her on the piano. Misses Lillie Kate Beckerman and Lula Mae Fayne of Normangee, delighted the audience with several selections on the piano. The surprise of the evening was when the class presented Miss Amelia Williams with a handsome diamond bar pin and a beautiful purple silk parasol with hand-carved handle. Miss Williams responded in a clever speech which showed surprise and much appreciation.

With Mrs. Green seated comfortably in a cozy corner of the parlor; Mr. Green standing by her side, the class formed into a line and marched by them, and received a minature roll which upon opening same read as follows:

The C. N. Green nome
Cameron, Texas.
To all whom this writing may come
Greetings:

Be it known that (here was the name of student for which this was intended) having fully convinced us and the world that he is worthy of our good will, our confidence, our trust, and our love, is hereby presented this

"Certificate of Good Wishes"

for a long life of success, joy, and happiness. In witness whereof we here unto affix our names, this Tuesday, twenty-ninth day of May, A. D. 1923.

C. N. GREEN,
Master of the House.
MRS. C. N. GREEN,
Mistress of the House.

A beautiful hand painted guest book with sweet peas painted on front cover and back, the work of Miss Mollie Moore, was taken care of by Miss Amelia Williams. All the class registered and gave the name of the college or university they expected to enter later on.

Mrs. Green was ably assisted by Messrs. W. H. Henley, S. W. Cheeves, Misses Bess Wiley, Lillie Kate Beckerman, Maurine Clinton, Ruby Caton and Helen Green in serving brick ice cream and white cake. Plate favors were sweet peas tied with green and white ribbon. Thus the Cameron High school class of 1922-23 passed into the ranks of Alumni Tuesday evening. There were thirty-seven of our fairest maidens and first young men to reach their long-sought goal of four years, and more, of faithful work.

MRS. FRITZ FAHRENDORF ENTERTAINS.

A charmingly arranged affair of Wednesday afternoon was the party given by Mrs. F. Fahrendorf on West Main street, naming little Miss Sue Griffin Webb, daughter of Mr. and Mrs. Paul Webb, as honoree. A large coterie of little friends were invited to enjoy the occasion.

An attractive motive of pink, purple and green was featured in the decorations of the home. Baskets and vases held spring flowers and were placed at places of advantage. Handsome ferns gave special beauty, and the table appointments for forty-two showed the combined hues with pleasing effect. There were a number of games enjoyed after which dancing was indulged in, and kodak pictures were made. At the close of an afternoon of real pleasure, the hostess served delightful refreshments consisting of ice cream, cake and home made candies. Each little guest received a beautiful colored bracelet, and other attractive gifts, as souvenirs.

pledged the American people to remember the wonderful achievements of these brave boys and not forget or neglect to honor them for the deeds they have done.

Miss Jennie Tyson then read with pleasing effect, "In Flanders Field," after which the audience, with one accord reverently bowed its head, while "taps" sounded and then dispersed. But that audience will retain, for a long time to come, the memory of this splendid memorial service.

After the memorial service, members of the Post, accompanied by friends, repaired to the various cemeteries where Milam's veterans lie buried and decorated their graves with flowers.

SANTA FE FIREMAN WRITES THANKS IN CLEVER RHYMELET.

Here is thanks to the Cameron Ice and Cold Storage Company for courtesies extended to a fireman on the Santa Fe. Yesterday the company received this poem by mail:

To the men down at Cameron who give us ice:
Engine men, in Summer
As a general rule,
Like "Ice" in their water
To keep them cool.
And you men down at Cameron
Who give us ice,
Have "Proven" you are men
Both friendly and nice.
And you don't even wait
For me to tell you that I am bumming,
But you grab a chunk of ice
When you see me coming.
Which is further evidence
That you are a bunch of "good scouts"
The best we have
On any of our routes.
The kind of people who deserve
The lives, you are living.
For it seems your greatest pleasure
Is in the pleasure of giving
And you have our friendship
Without reserve,
For such people, its a pleasure
To know and to serve.
And I hope you will follow up
That splendid rule,
Of giving us ice
And "treating us cool."

Respt. your friend,
L. E. TAYLOR.

SECOND VERDICT FOR MRS. DOSSETT

AWARDED FACE VALUE POLICY IN MISSOURI STATE LIFE, ATTORNEYS FEES, INTEREST, PENALTY.

For the second time within the last few weeks Mrs. Jennie D. B. Dossett has been the victor in suits against insurance companies.

Wednesday morning a jury in the Nineteenth district court, in answering questions on special issues, in the case of Mrs. Dossett vs. the Missouri State Life Inurance company, held that the answers and representations made by her husband, the late A. J. Dossett, when he applied for insurance, were true. Mrs. Dossett sued the Missouri State Life for the face value of a policy, $25,000, and the Missouri State Life sued her to cancel the policy.

The jury awarded Mrs. Dossett the face value of the policy, 6 per cent interest, 12 per cent penalty and $4,000 attorney's fees.

In the case of Mrs. Dossett vs the Franklin Life Insurance company, tried several weeks ago before the court, in the Nineteenth district court, she was given the face value of the policy, $35,000, attorney's' fees, interest and penalty, the total value of the judgment being $48,870.

There is still another suit of similar nature pending, in which Mrs. Dossett asks for $50,000 from the Pacific Mutual, this being the face value of a policy issued to her husband.—Waco Times-Herald.

LEAVE FOR TRIP TO COLORADO AND ROCKIES.

Mr. and Mrs. C. H. Ruby left Cameron early Tuesday morning for Dallas where they will join their son Martin Ruby of Lubbock for a trip to Colorado and the Rockies.

Mr. Ruby said before leaving that his son Martin had phoned for he and Mrs. Ruby to come to Dallas and that all arrangements had been made for the motor trip to the west. They will go in Mr. Ruby's car and will camp their way to the Rockies.
